ACCEPTANCE:

This Commitment Letter is open for acceptance until the Acceptance Date. Please sign below, initial each page of this Commitment Letter, and return it to us prior to the Acceptance Date. This Commitment Letter will supersede and replace any Commitment Letter that had been previously issued by us to you in relation to the applicable Mortgage.

When you enter into the Mortgage, the Loan and the obligations of the Borrower(s) and Guarantor(s) thereunder, will be governed by the Commitment Letter, the Mortgage, including the Additional Provisions, and the Standard Charge/Mortgage Terms. If there is any inconsistency or conflict between the provisions in these documents, the provisions of these documents shall apply in the following order of precedence to resolve the conflict or inconsistency: (i) the Commitment Letter; (ii) the Additional Provisions; (iii) the Mortgage; and (iv) the Standard Charge/Mortgage Terms.

Capitalized terms not defined in this Commitment Letter are defined in the Additional Provisions or Standard Charge/ Mortgage Terms. You may find a copy of the standard charges/Mortgage Terms that will apply to your Mortgage at https://solicitor.My.ca. You will receive a copy of the Additional Provisions from your solicitor.

Any reference to "letter", "Loan Agreement", "Commitment Letter" or "Commitment" means a reference to this letter.

By accepting this Commitment Letter, you acknowledge that:

- This Mortgage is for your benefit, and is not for the benefit of any undisclosed third-party;
- This letter is personal to you and may not be transferred;
- That all representations made by you, and all information submitted by you or the Agent/ Broker in connection with the Mortgage application, is true and accurate; and
- My Mortgage Corporation may decline to advance all or any portion of the Mortgage if there are any errors, omissions or misrepresentations in relation to your application or information otherwise becomes available to My Mortgage Corporation which is inconsistent with the information used to underwrite the Mortgage.

Cost of Borrowing Disclosure:

At least 3 Business Days prior to the Advance Date, you will have to meet with your Solicitor/Notary to review and execute a cost of Borrowing Disclosure Statement ("the Statement") that provides the full details concerning the cost of borrowing. If you fail to execute and return the Statement at least two (2) business days before the advance of funds by My Mortgage Corporation, you consent to waive the two (2) day notice requirement. By accepting this Commitment Letter, the Borrower(s) consent to us providing a single copy of all cost of borrowing disclosures and other correspondence to only one (and not all of the) Borrower(s), and not to the Guarantor(s). You may withdraw your consent in writing, at any time. Please keep the Cost of Borrowing Disclosure Statement as it will help you understand your rights and obligations under the Mortgage.

I acknowledge that I have not yet signed the Mortgage, otherwise entered into an obligation under the Mortgage or made any payment under the Mortgage.

(My Mortgage Corporation reserves the right to ask for proof of payment at any time.)

Your privilege of using any of the above payment frequencies may be cancelled should instalment arrears occur, or on breach of any covenants in the Mortgage or this Commitment Letter. If so, a monthly payment frequency will be reinstated. A Mid-Term Change Fee may be charged for changes made at any time after the Advance Date of the Mortgage.

ADDITIONAL PROVISIONS FOR
My Mortgage Corporation Variable Rate Mortgage

1. EFFECT ON STANDARD TERMS:

These Additional Provisions form part of the Mortgage. In the event of any inconsistency or conflict between these Additional Provisions, the Commitment Letter, the Mortgage and the Standard Charge/ Mortgage Terms, the provisions of these documents shall apply in the following order of precedence to resolve the inconsistency or conflict: (i) the Commitment Letter; (ii) the Additional Provisions; (iii) the Mortgage; and (iv) the Standard Charge/Mortgage Terms.

2. CAPITALIZED TERMS:

All capitalized terms used but not otherwise defined in these Additional Provisions have the respective meanings ascribed to such terms in the Standard Charge/ Mortgage Terms.

3. INTEREST RATE:

We will charge you interest on the outstanding balance of your Mortgage at the Interest Rate from the Advance Date to the Interest Adjustment Date.

Starting on the Interest Adjustment Date, interest at the Interest Rate is compounded semi-annually, not in advance. For this purpose, we calculate interest for each payment period using a factor that is based on the Annual Interest Rate, compounded semi-annually. Interest is payable on the payment frequency selected by you (for example monthly). You promise to pay interest at the Interest Rate in effect at the time and as calculated above, on the outstanding balance of your Mortgage until paid in full.

Your Interest Rate is a Variable Interest Rate based on the Prime Rate and any applicable premium (or discount) to the Prime Rate as set out in the Mortgage. Based on this, the Interest Rate will change each time the Prime Rate changes, with no prior notice to you. Your Regularly Scheduled Payment will also change accordingly.

Compound Interest - If you do not pay interest when it is due, we will add the overdue interest to the outstanding balance of the Mortgage, and charge you interest on the combined amount until it is paid. This is called Compound Interest. We calculate Compound Interest at the current Annual Interest Rate in effect at the time. You promise to pay Compound Interest at the same frequency as the Regularly Scheduled Payments until the outstanding balance of the Mortgage, and any unpaid interest, is paid in full.

Interest at the Interest Rate will accrue and will be compounded in the same manner and is payable whether before or after default as well as prior to and after the Maturity Date on any Principal Amounts and on any unpaid interest outstanding from time to time. Interest whether before or after default as well as prior to and after the Maturity Date will accrue at the same rate as during the Term.

4. REGULARLY SCHEDULED PAYMENTS:

Your Regularly Scheduled Payment amount will change following a change in the Prime Rate. We recalculate your Regularly Scheduled Payment amount to an amount sufficient to pay the interest that will accrue to each Regularly Scheduled Payment date plus the amount of Principal that has to be paid to maintain the Amortization Period of the Mortgage. This amount will be your new Regularly Scheduled Payment amount until it is again changed following an increase or decrease in the Prime Rate. Any prepayments made by you will not affect your Regularly Scheduled Payments but will shorten your Amortization Period and will change the composition of interest and Principal in your Regularly Scheduled Payments.

If the amount of any Regularly Scheduled Payment is less than the accrued interest due over that payment period (i.e. if the Prime Rate has increased over the payment period, but your rate adjustment has not yet been applied to your Mortgage), deferred interest will be added to the outstanding balance owing, and Compound Interest will apply.

5. PREPAYMENT PROVISIONS:

The following Prepayment Provisions are available to you each year of the Term of the Mortgage (i.e. during the 12 month period starting from the Interest Adjustment Date, and starting from each anniversary of the Interest Adjustment Date thereafter), provided you are not in default:

____ ____ ____ ____ ____
Borrower(s)/ Guarantor(s) Initials

a) **Increased Payment**: Once per year, you may increase the amount of the Regularly Scheduled Payment up to a maximum of 20%. The maximum for each payment increase is calculated using the amount of the original Regularly Scheduled Payment in effect at the time of mortgage advance.

b) **Lump Sum Payment**: You may make lump sum prepayments of $100 or more on any Regularly Scheduled Payment date, provided the total of these prepayments made throughout the year does not exceed 20% of the original Principal Amount.

If all or any portion of these privileges are not used in a particular year, they cannot be carried forward and used in a future year.

6. EARLY PAYOUT PROVISIONS:

During the Term:

- You may payout the entire outstanding balance of the Mortgage prior to the Maturity Date, if you exercise this option, an Early Payout Penalty will apply.

Early Payout Penalty:

The Early Payout Penalty is equal to 3 months simple interest. This is calculated by applying your current Interest Rate in effect at the time OR the current Prime Rate in effect at the time as calculated (whichever is greater), to the outstanding Principal balance of your Mortgage, for a 3 month period.

If you request an Early Payout, you cannot exercise the lump sum and/ or increased payment privileges (outlined in section 5a and 5b of this document), until the Payout Statement expires. The calculation of the Early Payout Penalty will be based on the outstanding Principal balance of your Mortgage.

Cash Back

If you choose the cash back option at time of funding, My Mortgage Corporation will advance the cashback amount detailed in the Commitment Letter to the Solicitor/ Notary handling the closing of the Mortgage. The Solicitor/ Notary will release the cash back amount to you if and once the Mortgage is registered on title and the transaction has closed in accordance with your Mortgage Commitment. If your Mortgage is not funded and the Mortgage does not close pursuant to the terms and conditions of your Mortgage Commitment, you shall not be entitled to any cashback amount and the Solicitor/Notary shall return the cashback amount to us. If the Mortgage is being transferred to us from another financial institution and you choose the cash back option, and once the transaction has been completed and our Mortgage has been registered, we will pay the cash back amount directly to you. If the Mortgage transfer from such other financial institution is not completed, you shall not be entitled to any cashback amount from us. For purposes of clarity, you understand that, notwithstanding you have chosen the cash back option, you shall not be entitled to any cash back payment from us if the Mortgage transaction is not completed in accordance with the terms and conditions of the Mortgage Commitment.

If we have paid you the cash back amount, and at any time before the expiry of the original Term of the Mortgage as detailed in the Commitment Letter,

(i) you sell the mortgaged property, repay the Mortgage prior to maturity, early renew/refinance the Mortgage or assign the Mortgage to another mortgagee, or

(ii) we commence proceedings under the Mortgage because of a default under the Mortgage,

you will owe us and repay to us all or part of the cash back amount based on the formula set out in the paragraph below and we will have the right to add any such amount owing to us to the amount secured by the Mortgage. Note that (i) above applies notwithstanding you have a right to undertake such action as described in (i) or even if we consent to any such action as described in (i).

The cash back amount that you must repay if any of the circumstances described in the above paragraph occurs will be calculated as follows:

If your Term is 3 years and the remaining time left in the Term is:

- 2 or more years, you must repay 100% of the cash back amount,
- between 1 year and 2 years, you must repay 70% of the cash back amount,
- 1 year or less, you must repay 35% of the cash back amount.

If your Term is 5 years and the remaining time left in the Term is:

____ ____ ____ ____ ____
Borrower(s)/ Guarantor(s) Initials

- 4 or more years, you must repay 100% of the cash back amount,
- between 3 and 4 years, you must repay 80% of the cash back amount,
- between 2 and 3 years, you must repay 60% of the cash back amount,
- between 1 and 2 years, you must repay 40% of the cash back amount,
- 1 year or less, you must repay 20% of the cash back amount.

7. CONVERTIBILITY:

You may, at any time without penalty, convert this Variable Interest Rate Mortgage to an eligible closed fixed interest rate Mortgage offered by My Mortgages at the time, provided that the new term plus the time elapsed on the existing Term is equal to or greater than the original Term. You may select from the options available at the time of conversion. You will receive the interest rate we quote at the time, for the term selected. You will sign a Renewal Agreement which will contain all of the amended terms and conditions of the new Mortgage. All the features and benefits of the existing Mortgage are amended upon conversion, and you will adopt the features and benefits of the new Mortgage. You cannot convert if you are in default.

8. RENEWAL:

The outstanding balance of the Mortgage is due and payable on the Maturity Date; however, we may offer to renew it prior to the Maturity Date. If we have sent you a Renewal Agreement (in advance of the Maturity Date), and:

i. If you accept the Renewal Agreement:
All the features and benefits of the existing Mortgage are amended upon renewal, and you will adopt the features and benefits of the new Mortgage.

ii. If you fail to either accept or decline the Renewal Agreement, and do not pay out the Mortgage on the Maturity Date:
   a. **The Mortgage will automatically renew into a 6 Month Convertible closed term Mortgage on the Maturity Date.**
   b. The renewed 6 Month Convertible closed term Mortgage will provide you with the option to subsequently convert it to a longer closed term, fixed rate Mortgage without penalty, at any time during the renewal term.
   c. If you choose to pay out the outstanding balance of your 6 Month Convertible Mortgage during the renewal term, you will be subject to the Early Payout Penalty (which is the greater of the Interest Rate Differential Amount or Three Months Interest Cost).

You may not renew your Mortgage prior to the end of your Term. However, if you wish to switch to a new My Mortgage Term prior to the Maturity Date, you can do so upon payment of any penalties or fees associated with Early Payouts.

Without limiting the generality of the foregoing, for the purposes of Alberta's Consumer Protection Act R.S.A. 2000 c. C-26.3, you hereby expressly agree that My Mortgage Corporation can make a substantive change to this Mortgage without your express consent.

9. ASSUMABILITY:

This Mortgage is assumable subject to My Mortgage Corporation consent. For details, refer to the Standard Charge/ Mortgage Terms.

10. PORTABILITY:

This Mortgage is portable subject to My Mortgage Corporation consent. For details, refer to the Standard Charge/ Mortgage Terms.

11. SKIP-A-PAYMENT:

This Mortgage does not permit skip-a-payment.

12. DUE ON SALE:

If you vacate or sell the property, the mortgage will, at our sole option, become due and payable.

13. ASSIGNMENT BY My MORTGAGE CORPORATION:

Without the consent of, and without notice to, the Borrowers and Guarantors, and without affecting the Obligations of the Borrowers and Guarantors under this Mortgage, My Mortgage Corporation may assign, transfer, sell, pledge or convey this Commitment Letter (prior to and after any Advances), this Mortgage, or any portion of this Mortgage to any third party ("Third Party") in relation to a sale, securitization, financing, pledging or security arrangement. The Borrowers and Guarantors agree, and for this purpose grant My Mortgage Corporation an irrevocable power of attorney coupled with an interest, to execute and

My Cost of Borrowing Disclosure Statement

(A) INFORMATION BOXES

Principal Amount	The Principal Amount of your Mortgage is: **$148, 889.00**
Annual Interest Rate	**3.75% per annum variable interest rate**, subject to change as outlined in section 3. Starting on the Interest Adjustment Date, interest is compounded semi-annually, not in advance. For this purpose we calculate interest for each payment period using a factor that is based on the Annual Interest Rate, compounded semi-annually. Interest is payable on the payment frequency selected by you (for example monthly).
Determination of Interest	Your Interest Rate is based on the My Mortgages Prime Rate plus (or minus) any applicable rate adjustments. Your Interest Rate is the **Prime Rate* -0.70%**. As of the date of this Statement, our Prime Rate is **4.45%**. This means your Interest Rate is **3.75%**, until My Mortgages' Prime Rate changes. Your Interest Rate will vary automatically as our Prime Rate changes. See section 3 for additional details regarding the Interest Rate and how changes in our Prime Rate affects your Interest Rate and Regularly Scheduled Payment amount. * The My Mortgage Corporation Prime Rate is an annual rate that fluctuates from time to time. It is established by My Mortgage Corporation at our principal office in Toronto, Ontario as the reference rate of interest, which determines the interest rates we will charge on any given day for our Variable Interest Rate Mortgages, Lines of Credit and Redrawable Mortgages, in Canadian dollars made to our borrowers in Canada and which we may refer to as “Prime Rate” or “Prime”.
Annual Percentage Rate	**3.75%** - This rate compounded semi-annually includes any applicable non-interest charges (fees). If you are charged fees such as a processing fee or administration fee, this fee is included in the annual percentage rate calculation.
Term	**5 Year(s)** - The term of the Mortgage is **closed**, which means you cannot pay down more Principal than your Prepayment Provisions allow without paying a penalty.
Date of Advance	**January 12, 2026** - This is the date your funds will be advanced. Interest will be calculated and charged from this date.
Payments	**$512.30, Bi-Weekly Accelerated, commencing January 28, 2026** - This payment amount is based on the Annual Interest Rate. Payments are comprised of both Principal and interest.
	It will take **25 Year(s)** to pay your Mortgage in full based on the current Interest Rate and the

Amortization Period	current terms and conditions of your Mortgage, assuming no prepayments.
Prepayment Privilege	If your Mortgage is not in default you may increase the amount of the Regularly Scheduled Payment up to 20% of the original Regularly Scheduled Payment in effect at the time of the mortgage advance and/or make a lump sum payment up to 20% of the original Principal Amount. Please see section 5 Prepayment Provisions in the Additional Provisions for details.
Prepayment Charges	If you wish to prepay more of your outstanding balance than the Prepayment Privilege above allows, you will be required to pay an Early Payout Penalty equal to **3 months** simple interest. Additional details of the components of the calculation can be found in section 6 Early Payout Provisions in the Additional Provisions. Cash-Back Repayment: If you choose the Cash Back option at time of funding, the Additional Provisions provide for circumstances under which you have an obligation to repay all or part of the cash back amount that you received on the registration of Mortgage. The calculation of the cash back amount that you will be required to repay us shall be calculated in accordance with the Additional Provisions.
Default Insurance	**Not Applicable**.

	We will charge you other fees and Costs as applicable, which may include fees in connection with the administration of the Mortgage. These fees are a reasonable estimate of the costs and expenses we will incur for actions taken or for disbursements or charges incurred by us as a result of a request by you, a failure by you to perform your Obligations under the Mortgage, or as a result of a default by you. The payment of a fee shall not be deemed to be a consent, waiver or release from any terms of your Mortgage (including any breach thereof by you) and we reserve all of our rights to enforce the original terms of your Mortgage, including any and all of our rights on your default. All of our fees are subject to change from time to time. You may retrieve up to date information about the nature and amounts of these fees at www.My.ca/myrmg or by calling our Customer Service Centre. Changes in fees will be communicated to you in accordance with regulatory requirements. Note A: We reserve the right to change our fees at any time, without notice. Note B: Provincial taxes, if applicable, are in addition to all of the above fees.	

(C) MORTGAGE PARTICULARS

1. Principal Amount:

The approved Principal Amount of your Mortgage is **$148, 889.00 (A)**

On the Advance Date we will add or withhold the following amounts and deliver the net amount to the Solicitor/Notary:

Additions
Total Applicable Additions **$0.00 (B)**

Deductions
Total Applicable Deductions **$0.00 (C)**

The estimated net advance to the Solicitor/ Notary is **$148, 889.00 (A+B-C)**

2. Term and Amortization Period:

Term - Your Term is 5 Year(s). Your Term ends on January 08, 2031 (the Maturity Date). At that time, we may offer to renew your Mortgage for another Term. If we do not, you will be required to repay your Mortgage in full.

Interest Adjustment Date - The Interest Adjustment Date is January 14, 2026. If we lend you all or part of the Principal Amount before the Interest Adjustment Date, you will owe interest at the Interest Rate for the time between the date the money was advanced and the Interest Adjustment Date. This amount of $41.08, calculated on the Principal Amount, using simple interest from the Advance Date to the Interest Adjustment Date, will be automatically withdrawn by us from the bank account from which you have instructed us to take payment from, on the Interest Adjustment Date. At our option we may choose to deduct this amount from the advance.

Amortization Period - 25 Year(s). This is the time it will take to pay off the Mortgage based on the current Interest Rate, your selected payment frequency and assumes all Regularly Scheduled Payments are made on time. This period may be shortened by you exercising the Prepayment Provisions.

Balance Owing At Maturity - On the Maturity Date, you must pay us the outstanding balance, which includes the portion of the Principal Amount that is outstanding and accrued interest, for a total of $167,573.09 (the computed balance assumes the current Interest Rate, your selected payment frequency and assuming all Regularly Scheduled Payments are made on time and that there are no prepayments).

Renewal - If we send you a Renewal Agreement (in advance of the Maturity Date), and:

i. If you accept the Renewal Agreement:
All the features and benefits of the existing Mortgage are amended upon renewal, and you will adopt the features and benefits of the new Mortgage.

ii. If you fail to either accept or decline the Renewal Agreement, and do not pay out the Mortgage on the Maturity Date:
   a. **The Mortgage will automatically renew into a 6 Month Convertible closed term Mortgage on the Maturity Date.**
   b. The renewed 6 Month Convertible closed term Mortgage will provide you with the option to subsequently convert it to a longer closed term, fixed rate Mortgage without penalty, at any time during the renewal term.
   c. If you choose to pay out the outstanding balance of your 6 Month Convertible closed term Mortgage during the renewal term, you will be subject to the Early Payout Penalty (which is the greater of the Interest Rate Differential Amount or Three Months Interest Cost).

You may not renew your Mortgage prior to the end of your Term. However, if you wish to switch to a new My Mortgage Term prior to the Maturity Date, you can do so upon payment of any penalties or fees associated with Early Payouts.

Without limiting the generality of the foregoing, for the purposes of Alberta's Consumer Protection Act R.S.A. 2000 c. C-26.3, you hereby expressly agree that My Mortgage Corporation can make a substantive change to this Mortgage without your express consent.

3. Interest Rate and Annual Percentage Rate:

We will charge you interest on the outstanding balance of your Mortgage at the Interest Rate of 3.75%. Your Prime Rate will be set on the Advance Date to reflect the prevailing My Mortgages Prime Rate at that time. After the Advance Date, your Interest Rate will change each time the Prime Rate changes, with no prior notice to you.

You promise to pay interest at the Interest Rate in effect at the time as calculated by My Mortgage Corporation on the outstanding balance of your Mortgage until paid in full.

Compound Interest - If you do not pay interest when it is due, we will add the overdue interest to the outstanding balance of the Mortgage, and charge you interest on the combined amount until it is paid. This is called Compound Interest. We calculate Compound Interest at the current annual Interest Rate in effect at the time. You promise to pay Compound Interest at the same frequency as the Regularly Scheduled Payments until the outstanding balance of the Mortgage, and any unpaid interest, is paid in full.

The Annual Percentage Rate in the Information Box accounts for semi-annual compounding of the Interest Rate, however, if there is no cost of borrowing other than interest, then the Interest Rate and the Annual Percentage Rate are the same.

4. Regular Payment Provisions:

Regularly Scheduled Payments: On the First Regular Payment Date, you must start making payments of **$512.30** which includes both Principal and interest, on a frequency that is **Bi-Weekly Accelerated** (based on the Interest Rate in effect, as of the date of the Commitment Letter).

Your Regularly Scheduled Payment amount will change following a change in the Prime Rate. We recalculate your Regularly Scheduled Payment amount to an amount sufficient to pay the interest that will accrue to each Regularly Scheduled Payment date plus the amount of Principal that has to be paid to maintain the Amortization Period of the Mortgage. This amount will be your new Regularly Scheduled Payment amount until it is again changed following an increase or decrease in the Prime Rate. Any prepayments made by you will not affect your Regularly Scheduled Payments but will shorten your Amortization Period and will change the composition of interest and Principal in your Regularly Scheduled Payments.

If the amount of any Regularly Scheduled Payment is less than the accrued interest due over that payment period (i.e. if the Prime Rate has increased over the payment period, but your rate adjustment has not yet been applied to your Mortgage), deferred interest will be added to the outstanding balance owing, and Compound Interest will apply.

Application of Payments & Arrangements for Payments:

If you have met and are meeting all of your Obligations under the Mortgage, we will apply the amount paid on each Regularly Scheduled Payment date in the following order of priority:

a. mortgage life and/ or critical illness insurance premiums and associated taxes (if applicable), and premiums or payments for any other optional products or services you have chosen,
b. Property Taxes (if we pay them on your behalf),
c. interest that is due and payable,
d. to reduce the outstanding Principal balance owing, if required by the terms of your Mortgage, and
e. lastly, any other Costs outstanding.

If you have not met or are not meeting all of your Obligations under the Mortgage, we may apply your Regularly Scheduled Payments and any other funds we receive from you, as we choose, in our sole discretion.

In accordance with our arrangements with you, we will deduct all payments from your bank account when they are due.

5. Cost of Borrowing:

The total of all Regularly Scheduled Payments over the Term of the Mortgage is (based on the Interest Rate in effect, as of the date of this Commitment Letter).	$66,599.00	(A)
The balance to be due on the Maturity Date is	$167,573.09	(B)
Total payments in the Term are	$234,172.09	(A+B)
Interest charged from the Advance Date until the end of the Term, is	$34,272.09	
The Total Cost of Borrowing (i.e. interest + Total Applicable Charges) over the Term of the Mortgage is	$34,272.09	

These calculations assume that the Variable Interest Rate and payment frequency does not change during the Term, that you make all Regularly Scheduled Payments when they are due, and that you make no prepayments. We will provide you a schedule outlining the Mortgage details prior to the First Regular Payment Date. It may contain revisions made subsequently to the Commitment Letter.

Mortgage Statement – We will provide you with an annual statement.

You may obtain information about your account by calling 1-866-809-5800 during our regular business hours of 8am - 8pm (Monday through Friday).

6. Prepayment Provisions:

The following Prepayment Provisions are available to you each year of the Term of the Mortgage (i.e. during the 12 month period starting from the Interest Adjustment Date, and starting from each anniversary of the Interest Adjustment Date thereafter), provided you are not in default:

a. **Increased Payment:** Once per year, you may increase the amount of the Regularly Scheduled Payment up to a maximum of 20%. The maximum for each payment increase is calculated using the amount of the original Regularly Scheduled Payment in effect at the time of mortgage advance, and
b. **Lump Sum Payment:** You may make lump sum prepayments of $100 or more on any Regularly Scheduled Payment date provided the total of these prepayments made throughout the year does not exceed 20% of the original Principal Amount.

If all or any portion of these privileges are not used in a particular year, they cannot be carried forward and used in a future year.

7. Early Payout Provisions:

During the Term:

- You may payout the entire outstanding balance of the Mortgage prior to the Maturity Date, if you exercise this option an Early Payout Penalty will apply.

Early Payout Penalty: The Early Payout Penalty is equal to 3 months simple interest. This is calculated by applying your current Interest Rate in effect at the time OR the current Prime Rate in effect at the time as calculated (whichever is greater), to the outstanding Principal balance of your Mortgage, for a 3 month period.

If you request an early payout, you cannot exercise the lump sum and/ or increased payment privileges (outlined in the above section of this document), until the Payout Statement expires. The calculation of the Early Payout Penalty will be based on the outstanding Principal balance of your Mortgage.

Cash Back

If you choose the cash back option at time of funding, My Mortgages will advance the cashback amount detailed in the Commitment Letter to the Solicitor/ Notary handling the closing of the Mortgage. The Solicitor/ Notary will release the cash back amount to you if and once the Mortgage is registered on title and the transaction has closed in accordance with your Mortgage Commitment. If your Mortgage is not funded and the Mortgage does not close pursuant to the terms and conditions of your Mortgage Commitment, you shall not be entitled to any cashback amount and the Solicitor/Notary shall return the cashback amount to us. If the Mortgage is being transferred to us from another financial institution and you choose the cash back option, and once the transaction has been completed and our Mortgage has been registered, we will pay the cash back amount directly to you. If the Mortgage transfer from such other financial institution is not completed, you shall not be entitled to any cashback amount from us. For purposes of clarity, you understand that, notwithstanding you have chosen the cash back option, you shall not be entitled to any cash back payment from us if the Mortgage transaction is not completed in accordance with the terms and conditions of the Mortgage Commitment.

If we have paid you the cash back amount, and at any time before the expiry of the original Term of the Mortgage as detailed in the Commitment Letter,

(i) you sell the mortgaged property, repay the Mortgage prior to maturity, early renew/refinance the Mortgage or assign the Mortgage to another mortgagee, or

(ii) we commence proceedings under the Mortgage because of a default under the Mortgage,

you will owe us and repay to us all or part of the cash back amount based on the formula set out in the paragraph below and we will have the right to add any such amount owing to us to the amount secured by the Mortgage. Note that (i) above applies notwithstanding you have a right to undertake such action as described in (i) or even if we consent to any such action as described in (i).

The cash back amount that you must repay if any of the circumstances described in the above paragraph occurs will be calculated as follows:

If your Term is 3 years and the remaining time left in the Term is:

- 2 or more years, you must repay 100% of the cash back amount,
- between 1 year and 2 years, you must repay 70% of the cash back amount,
- 1 year or less, you must repay 35% of the cash back amount.

If your Term is 5 years and the remaining time left in the Term is:

- 4 or more years, you must repay 100% of the cash back amount,
- between 3 and 4 years, you must repay 80% of the cash back amount,
- between 2 and 3 years, you must repay 60% of the cash back amount,
- between 1 and 2 years, you must repay 40% of the cash back amount,
- 1 year or less, you must repay 20% of the cash back amount.

To estimate the Early Payout Penalty using the Three Months Interest Cost:		
Step 1:	(A)	Amount you are paying out
Step 2:	(B)	Your current Interest Rate in effect at the time OR the current Prime Rate in effect at the time (whichever is greater), expressed as a decimal (i.e. 3.25% = .0325)
Step 3:	(C)	A x B = C
Step 4:	(D)	C ÷ 4 = D, D is the estimated Three Months Interest Cost
Step 5:	(E)	D + Reinvestment Fee (if applicable) = E, E is your estimated Early Payout Penalty

You can estimate applicable early payout costs, using the calculators at www.My.ca, under the Tools section. You will be able to obtain the exact amount by contacting our Customer Service Centre (1-866-809-5800).
